MANIRATHINAM R

Flutter Developer

Phone: 6382606293 | Email: manirathinam.r04@gmail.com | LinkedIn: Manirathinam R | GitHub: Manirathinam-04

PROFESSIONAL SUMMARY

Flutter Developer with hands-on experience in Flutter, Dart, mobile application development, responsive UI development, REST API integration, JSON data handling, authentication flows, navigation, debugging, and Git/GitHub. Experienced in converting Figma designs into reusable and responsive Flutter widgets and implementing API-driven application flows with loading, validation, and error states. Familiar with Postman, HTTP methods, API testing, state handling, responsive layouts, Android and iOS release, and cross-platform application development. Strong focus on clean UI, reusable components, maintainable code, and application reliability.

TECHNICAL SKILLS

Mobile Development: Flutter, Dart, Cross-Platform Mobile Development, Mobile Application Development, Flutter Widgets, Reusable Components, Responsive UI, Responsive Layouts, Navigation, UI State Handling.

App Release: Android and iOS Release.

API Development & Integration: REST APIs, RESTful APIs, API Integration, JSON, HTTP Methods, GET, POST, PUT, DELETE, API Response Handling, Request Handling, Validation, Loading States, Error Handling, API Testing, Postman.

Authentication & Application Flows: Login, Registration, Password Reset, OTP-based Flows, Form Validation, Navigation Flows, API-driven UI, Error States.

Programming: Dart, Python.

Version Control & Tools: Git, GitHub, Postman, Visual Studio Code.

INTERNSHIP

Flutter Developer Intern — Global Tech Professionals, UK London

- Developed cross-platform mobile application features using Flutter and Dart, building responsive interfaces with reusable widgets, structured layouts, navigation, and UI state handling.
- Converted Figma designs into responsive Flutter screens and reusable UI components while maintaining visual consistency and mobile-friendly layouts.
- Integrated RESTful APIs using JSON and HTTP methods, handling requests, responses, validation, loading states, success states, and API error scenarios.
- Implemented authentication and account-related application flows including login, registration, password reset, OTP-related interactions, and form validation.
- Tested API requests and responses using Postman, and debugged integration issues involving request payloads, response handling, validation, navigation, and runtime behavior.
- Debugged Flutter application issues across UI, API integration, navigation, state handling, and runtime errors while improving application reliability.
- Managed source code using Git and GitHub, including branch-based development, feature implementation, code updates, and collaboration with senior developers.

Front-End Development Intern — Splendenslab IT Ventures, Salem

- Developed responsive web interfaces using HTML and CSS, creating structured layouts and reusable UI components.
- Implemented client-side functionality including contact forms, interactive interface elements, and UI animations to improve user interaction.
- Debugged and optimized web interfaces to improve responsiveness, loading behavior, and visual consistency.
- Collaborated with senior developers using Git and contributed improvements to company web assets.

KEY PROJECTS

Campus Login (Flutter)

- Built a responsive Flutter mobile interface using reusable widgets, responsive layouts, and structured UI components.
- Implemented widget hierarchy and navigation logic to provide a smooth and user-friendly login experience.

Expense Tracker (Flutter)

- Developed a functional Flutter mobile interface for expense tracking with emphasis on reusable components, readable financial data, and ease of input.
- Applied responsive layout principles and component reuse to maintain a consistent and scalable mobile interface.

EDUCATION

Erode Sengunthar Engineering College, Erode, India
Master of Technology in Computer Science and Engineering — 06/2022 – 05/2027 | CGPA: 7.0

Model Higher Secondary School, Ariyalur, India
Higher Secondary School

CERTIFICATIONS

- Master Flutter — Infosys
- REST API — Infosys
- Anthropic Certifications
